OVERVIEW

In this document, students will find the courses required for Duskwalking Minor pathways at Raventree Academy, as well as a brief description about the foci of each Minor. A separate document outlines the requirements for the Duskwalking Major pathway at Raventree. If you have any questions regarding requirements or are seeking general advice on courses to enroll in, please contact the Office of Student Affairs or Duskwalking Office.

Students may not pursue a minor in their Major; that is to say, students who pursue a Duskwalking cannot receive a Minor in Duskwalking as well. However, students may receive a Minor in the same Discipline as their Major, if they so choose to.

At Raventree Academy, a Minor consists of a minimum of 28 credits in total. Please note that Minors do not have general elective courses – Minors are firmly structured around a sequence of courses, as decided upon by faculty and curriculum staff. If you are seeking course replacements or alternatives, please contact the Dean of the Discipline of the Minor you are interested. Students are free to pursue as many or as few Minors as they wish at Raventree.

DUSKWALKING MINORS

Discipline: Duskwalking

Overview: Minors in this Discipline explore the twilight world, and the liminal realms between day and night, waking and dreaming. The Cryptozoology Minor offers students with an interest in cryptids to explore the lore of monsters throughout history and into the present day. Demonology offers students a chance to explore the myriad denizens of the demonic and spiritual realms, and is an excellent augment to any studies in High Magick. The Defensive Arts Minor grounds students in the practices and techniques of warding against negative or offensive magick, while the Twilight Arts Minor explores the traditional arts of imprecatory magick, cursing, and hexes.

Cryptozoology Minor (30 Credits)

Courses Required
