MAJOR: SPELLCRAFTING	ERROR! BOOKMARK NOT DEFINED.

OVERVIEW

In this document, students will find the courses required for each Major pathway at Raventree Academy, as well as a brief description about the outcomes and milestones along the way. A separate document outlines the requirements for each Minor pathway at Raventree. If you have any questions regarding requirements or are seeking general advice on courses to enroll in, please contact the Office of Student Affairs.

Students may not pursue a minor in their Major; that is to say, students who pursue a Wortcunning Major cannot receive a Minor in Wortcunning as well. However, students may receive a Minor in the same Discipline as their Major, if they so choose to.

At Raventree Academy, a Major consists of a minimum of 96 credits, as outlined in this document. Students may complete as many credits as they desire at Raventree, but to be awarded a Major, they must meet the 96 minimum credits, as outlined in this document.

General elective courses may be courses within or outside a student's chosen Discipline. Often, students will utilize these courses to pursue a Minor in conjunction with their Major, but this is not required; students are encouraged to use their elective courses as they see fit and to broaden their scope of interests.

General electives also do not have to be at the Level that the student is currently in. For instance, at the Second Level, Wortcunning Majors have 6 credits worth of General Electives. The student could pursue 100 or 200 numbered courses to fulfill these courses. This applies to Discipline specific electives as well; they may be selected from Levels below the one the student is presently in.

Please note that at this time Raventree Academy does not offer a Major pathway in Alchemy; we currently only offer a Major in Wortcunning, and a separate Minor in Alchemy.

WORTCUNNING MAJOR

Discipline: Alchemy & Wortcunning

Overview: This Major is designed for students interested in herbalism, potions, philtres, and the natural world. It is primarily focused on herbal magick and spagyrics, although students have ample opportunity to weave in a minor in Alchemy, if they so desire.

CEREMONIAL MAGICK MAJOR

Discipline: Ceremonial Magick

Overview: This Major is designed for students interested in ceremonial magick, or high magick. Rituals, evocation, the Qabalah, and Enochian magick are all revealed for the interested student. Students in this major will be given the training to safely and effectively carry out more elaborate rituals and examine the intersection between religion, deities, and magick.
